NIRBHAYKANYA DRIVE

Introduction :

It is universally acknowledged fact that India is a male-dominated country. In almost all spheres women seem to be subordinated. Though the government and some social welfare organizations made useful efforts to uphold the status of women and though women organizations seem to be becoming stronger, the exploitation, suppression and subordination of women is not ready to stop. Due to increasing proportion of female foeticide, rapes, abduction, the feeling of insecurity among women themselves is being indulged. Especially this feeling is developing among highly educated girls and their parents. As a result, parents are failing to educate their daughters which lead to the imbalance in the proportion between boys and girls education. Most of girls students are deprived of getting higher education after their 12th class. So considering the all above shown problems, Late Abasaheb Kakade Arts College organized the “Nirbhaykanya Drive” , the purpose of it was to inculcate the discourse among people that woman is not feeble but powerful and must be respected in society. The drive proved to be effective to build confidence in girl students and their parents.

Background / Objectives :

Delhi gang rape almost shook every corner of the country. Even Shakti Mill gang rape in Mumbai put people in extra fear about this survival of girls. Time to time, government made more stringent laws regarding rape however rape crime ratio is increasing rather than to decrease. The Objective of the drive was to create the awareness of self defense and self security in girl students. Girls come to college daily by bus, on bicycle and some on foot. Most of the time they have suffer from loitering boys. That is why , the college organized Nirbhaykanya Drive to make girls feel secure and to create violence free , abduction free atmosphere on the campus and road as well.

Outline of the Programme :

The Nirbhaykanya Drive was organized under Students Welfare Board in college . On Tuesday 08th January 2014, and one day seminar on “Self-Defense and woman Empowerment” was organized. The program being day long was in three sessions during which speeches were delivered on different issues relating women empowerment and insecurity as well as self defense. Different practicals and interactions a good awareness was created among girl students. In the first session Adv. Radhakisan Garud spoke about Laws relating woman. He inculcated the feeling of self defense in girls. Prof. Manisha Punde showed some practicals on Judo-karate. She focused on the able-bodied personality which is necessary in girls. Her emphasis was on daily possible exercise. In the third session Adv. Shweta Sinkchi commented on the dire need of personality development and gave some tricks as to how to improve it. The entire session was interactive which created the atmosphere of enthusiasm and confidence. This helped girl to develop positive thinking.

Output of the Programme :

The Nirbhaykanya Drive in college proved to be so efficient that it resulted in to positive atmosphere for girls on the campus. Girls succeeded in getting rid of inferiority complex. A fearless personality developed and girls dared participate in different academic, cultural activities. Psychologically girls became self defendant.

ERADICATION OF SUPERSTITIONS AND BLIND BELIEFS

Introduction :

India is abounding in villages are comparatively backward due unavailability of education, medical and administrative facilities. Many Indians still believe in several blind practices which are collectively called superstitions. People in villages when they fall ill or if something injury sustains to them, they prefer to go to the for called Baba rather than to go to doctors. Even educated people also take recourse to such fake or false treatment from Baba's. However several instances are there where people fell to death due to their extreme belief in superstitions, avoidance of doctors and saving of money. In the 21th century India apparently to be catching up with the world. But, the innate rootedness of superstitions is not ready to vanish and this is how superstitions, blind beliefs have become not only burning questions but very alarming and troublesome. Governments, at their levels are implementing different schemes to get rid of superstition. So in this context National Service Scheme is one of the crucial dais.

Background / Objectives :

In British rule or even in the era of independence Mahatma Jyotiba Phule, Rajshee Shahu, Dr. Babasaheb Ambedkar sought to imbibe the significance of education more ever India is becoming a literate country. In spite of this along with villagers people from the cities also indulge in superstition and this is very alarming one.

So in order to ban all such useless practices and to heighten the living standard of Indian people especially women the National very effectively, especially focusing on superstitions.

Outline of the Programme :

The Special Winter Camp of the National Service Scheme was held at Antarwali khurd from 11th to 17th December 2013 by the college. The moto of the camp was "Guaranteed Overall Rural Development" for an overall development of the village,

a major emphasis was laid on the “Eradication of superstitions” villages were given the awareness of such evil practices which often causes great damage or even death. The camp had 75 intake of volunteers. All of them made visited every house and made people aware of superstition. They shown the futility of things like rite and rituals, hymns, chanting of spells etc.

Similarly focus was also laid through cultural activates street plays, ballads, songs, etc.

Output of the Programme :

Village of Antarwial khurd were almost trapped by several blind beliefs and conservative thinking. But they were unaware of things in which in which they were being catapulted volunteers made them very conscious and the awareness among villagers about blind beliefs was worth observing. By way of cultural programs, street plays, spells and song, villagers of Antarwali gradually seem to have got rid of evil practices. Especially women became very conscious about superstitions and they understood the importance of doctors and use of medicines. Awareness of education among villagers is the actual output.
